NRV
NATIONAL R.V., INC.

National RV is proud to introduce the 2001 Dolphin motor home—designed for those who desire proven performance and durability.

Since its birth in the heart of Southern California in 1964, the Dolphin name is one of the few RV brands to have remained in continuous demand. The secret to Dolphin's longevity and success lies in National RV's commitment to making the Dolphin the best motor home you can buy. Period.

Dolphin's exterior skirting is built with an all gel-coated exterior finish that will stand up to the worst elements and keep your motor home looking good looking as new for years to come. The secret to the gel-coating process is that it is far more durable than paint and maintains its luster far longer than paint. Scratch a Dolphin with its gel-coated finish and you can easily buff it out. Scratch a painted motor home and you'll have to deal with unsightly touch-ups or repainting.

For years Dolphin has been recognized as having the most innovative and thoughtful interiors available. Our attention to detail is evident in the tight fit and finish found in each Dolphin. Cabinets fit flush with the roof and

walls, no rubber molding is used to hide gaps between cabinets and walls and no unsightly staples are used to attach interior finish paneling (which can leave holes in your cabinets). Add the warmth of oak finished cabinetry and you'll never look at an interior space quite the same again.

This form fitting interior is built on the strongest foundation in the industry—our patented Duraframe® sub-floor chassis system. The Duraframe® significantly reduces chassis twisting which can cause the structure of a motor home to deteriorate with age resulting in those dreaded "squeaks and rattles." Our side walls, ceilings and floors are

the finest available. Side walls are vacuum-laminated in our state-of-the-art facilities and are built using steel framing. Mende exterior gel coated fiberglass walls and 1/4" Mahogany interior paneling around 2 lb. density customer cut foam insulation. Top to bottom, the Dolphin is a contemporary motor home built to last.

However you plan to use your next motor home, we're committed to building you a coach that will last longer and perform better than any other coach. That's the Dolphin difference and it's what thousands of Dolphin owners have known for 37 years.

About National RV

National RV has established itself as a premier motor home company with a reputation for offering innovative, quality products that feature a rich supply of value-added features for a reasonable price. With over 37 years of experience as a manufacturer—not merely an assembler—National RV has established itself as the company that listens and responds to the needs of our customers.

If a difficulty arises, we feature an extensive dealer network across the United States to handle your service concerns. As an original Dolphin owner, you can also call toll-free to Coach Net at anytime for expert advice on any problem you may have (good for one year from date of purchase; non-transferable program can be extended for a nominal fee).

National R. V. Holdings, Inc. is a public company whose shares trade on the New York Stock Exchange under the symbol “NVH.” If you would like to join the National RV family, contact our Investor Relations Department at (909) 943-6007.
